Retail Account Application

Important Information about procedures for opening a new account: To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for you: When you open an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents. For certain entities, such as trusts, estates, corporations, partnerships, or other organizations, identifying documentation is also required. Your account may be restricted and/or closed if we cannot verify your information. We will not be responsible for any losses or damages resulting from any failure to provide this information, or from any restriction placed upon, or closing of, your account.

3. CERTIFICATION REGARDING BENEFICIAL OWNERS OF LEGAL ENTITY CUSTOMERS

I. GENERAL INSTRUCTIONS

What is this form?

To help the government fight financial crime, Federal regulation requires certain financial institutions to obtain, verify, and record information about the beneficial owners of legal entity customers. Legal entities can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.

Who has to complete this form?

This form must be completed by the person opening a new account on behalf of a legal entity with any of the following U.S. financial institutions: (i) a bank or credit union; (ii) a broker or dealer in securities; (iii) a mutual fund; (iv) a futures commission merchant; or (v) an introducing broker in commodities.

For the purposes of this form, a **legal entity** includes a corporation, limited liability company, or other entity that is created by a filing of a public document with a Secretary of State or similar office, a general partnership, and any similar business entity formed in the United States or a foreign country. **Legal entity** does not include sole proprietorships, unincorporated associations, or natural persons opening accounts on their own behalf.

What information do I have to provide?

This form requires you to provide the name, address, date of birth and Social Security number (or passport number or other similar information, in the case of foreign persons) for the following individuals (i.e., the **beneficial owners**):

(i) Each individual, if any, who owns, directly or indirectly, 25 percent or more of the equity interests of the legal entity customer (e.g., each natural person that owns 25 percent or more of the shares of a corporation); **and**

(ii) An individual with significant responsibility for managing the legal entity customer (e.g., a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President, Vice President, or Treasurer).

The number of individuals that satisfy this definition of "beneficial owner" may vary. Under section (i), depending on the factual circumstances, up to four individuals (but as few as zero) may need to be identified. Regardless of the number of individuals identified under section (i), you must provide the identifying information of one individual under section (ii). It is possible that in some circumstances the same individual might be identified under both sections (e.g., the President of Acme, Inc. who also holds a 30% equity interest). Thus, a completed form will contain the identifying information of at least one individual (under section (ii)), and up to five individuals (i.e., one individual under section (ii) and four 25 percent equity holders under section (i)).

The financial institution may also ask to see a copy of a driver's license or other identifying document for each beneficial owner listed on this form.

NexPoint Asset Management, L.P.
Rules Governing Transfer On Death (TOD) Account Registration

1. Who may designate a TOD registration. A TOD registration may be designated by (i) a sole account owner or (ii) by two or more joint owners only if the joint owners hold the account as joint tenants with rights of survivorship (and not tenants in common). A custodian for a Uniform Transfers to Minors Act (UTMA) or Uniform Gifts to Minors Act (UGMA) account may not designate a TOD on the registration.

2. Account owner. The term “account owner,” as used herein, refers to either the sole owner of the account or all joint owners of the account in the case of multiple owners. Actions to be taken by the “account owner” must be taken by all joint owners in the case of multiple owners. Beneficiaries are not “account owners” and have no rights in the account until the death of the last surviving account owner.

3. Designation of primary and contingent beneficiaries. An account owner may designate primary and contingent beneficiaries of the TOD account.

An account owner may designate one, or more than one, beneficiary of the TOD account. Boston Financial requires a Social Security Number for each designated beneficiary in order to ensure that the account is transferred to the appropriate person or persons upon the death of the last surviving account owner.

An account owner may designate primary and contingent beneficiaries of the TOD account.

- Primary beneficiaries are the first in line to receive the account upon the death of the last surviving account owner if, and only if they survive all the owners.
- Contingent beneficiaries receive the account upon the death of the account owner(s) if, and only if, there are no surviving primary beneficiaries.

An account owner is not required to designate any contingent beneficiaries in a TOD registration. See also Section 5 below for more information on rights of beneficiaries under your designation.

4. Minors as beneficiaries. Minors may be beneficiaries of a TOD account only if a custodian, trustee, or parent or guardian is set forth for the minor. The responsible adult named must be someone other than the designating account owner.

Name of responsible party: _____

Capacity: _____

By not providing a custodian, trustee, or guardian, the account owner is representing that all of the named beneficiaries have reached the age of majority and therefore are not minors.

5. Rights of designated beneficiaries.

a. Default arrangement is pro rata. When an account owner instructs Boston Financial to register an account in TOD form and names multiple beneficiaries, Boston Financial will treat the multiple beneficiaries as owning equal percentages as the default arrangement.

b. Optional percentage designations. If an account owner wishes that the shares of his/her account be distributed unequally among beneficiaries, the account owner must clearly state in writing a percentage for each beneficiary. The total of all percentages must equal 100%. If the percentages do not equal 100%, or if the instructions are unclear, Boston Financial will request further instructions from the account owner, and, if necessary, will use the pro rata default stated above in Section 5(a) unless valid instructions are received.

c. Optional designations under Lineal Descendants Per Stirpes (LDPS). If an account owner wishes to have the share of the account intended for a beneficiary to pass to the children of the designated beneficiary in the event a designated beneficiary dies before distribution from the account, the account owner must specifically instruct the Agent to register the account as Lineal Descendants Per Stirpes or “LDPS.” If the abbreviation “LDPS” does not appear on the TOD designation, the share intended for any designated beneficiary will not pass to that deceased beneficiary's children or descendants.

d. Choice of LDPS designations applies to all beneficiaries on an account. If a TOD account with multiple beneficiaries is registered LDPS, the LDPS registration will apply to all beneficiaries designated, both primary and contingent. However, the shareowner also may specifically designate a distinction between the treatment of primary beneficiaries as a class and contingent beneficiaries as a separate class. E.g., all primary beneficiaries may be designated as pro rata and all contingent beneficiaries designated as LDPS, or vice versa. It is not possible, however, to mix the two types of designations within either class of beneficiaries.

e. If a beneficiary dies and no LDPS designation is made. In the case of multiple beneficiaries, if one of the beneficiaries does not survive the account owner and no LDPS designation is made, the deceased beneficiary's share of the account will be divided among the remaining beneficiaries upon the death of the last surviving account owner.

f. If all beneficiaries die before the last surviving account owner and no LDPS designation is made. If no beneficiary survives the last surviving account owner and no "LDPS" designation has been made, the account will be treated as part of the estate of the account owner.

6. Revocations or changes. TOD registrations may not be made irrevocable. The account owner may revoke or change a beneficiary designation. Change or revocation requires:

(a). A letter of instruction clearly indicating your wishes and providing required information for any newly designated beneficiaries.

(b). In addition, for issued shares/certificates: presentation to Boston Financial of the security in proper form for transfer.

7. Controlling terms. The TOD beneficiary designation completed by the account owner expressly provides that Boston Financial shall honor the account owner's instructions. As a result, the following terms will apply:

- An account owner may change the TOD beneficiary or revoke the TOD registration at any time during his life by a written instruction to Boston Financial.
- The beneficiary or status of the account may also be changed by a court order directed to Boston Financial or the Fund.
- The beneficiary or status of the account will not be automatically be changed by events subsequent to the establishment of the account as a TOD (e.g. divorce).
- The beneficiary or status of the account will not be automatically be changed by third party requests based on state statutes.

Dividends, interest, capital gains, and other distributions after the account owner's death:

- 1) Accruals (undistributed earnings) of the account which occur after the death of the last surviving account owner (or last surviving joint owner) stay with the account and pass to the beneficiary or beneficiaries.
- 2) Where the account has been coded for cash distributions, and such distributions have actually been paid out prior to notice to Boston Financial of the death of the last surviving account owner, such distributions are deemed to be the property of the estate of the original account owner and do not pass with the account to the designated beneficiaries.

8. Redemption or Transfer by a TOD beneficiary or beneficiaries. A single beneficiary on a TOD registration must provide all of the following to redeem or transfer shares from a TOD account following the death of the last surviving account owner: (i) a letter of instruction signed by the beneficiary, Medallion Guaranteed, stating the name of the deceased account owner and the date of the owner's death; (ii) a completed new account application or change of registration form; (iii) a Form W-9 or any successor form to Form W-9; and (iv) an inheritance tax waiver if required by the deceased owner's state of residence. Foreign persons must also complete Form W-8BEN or any successor form to W-8BEN. In the case of multiple beneficiaries, in addition to the requirements above, the beneficiary must also provide an affidavit under penalty of perjury. Additional redemption or transfer requirements may be imposed.

We will not exercise investment authority over your investment funds. You will have the sole discretion as to whether to invest in the Funds. We will not provide general investment monitoring oversight for investments other than the Funds. We do not have account minimums. Conversation Starter. Ask your financial professional:

- *Given my financial situation, should I choose a brokerage service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

What fees will I pay?

We will receive a commission on your investment in the Funds. You may pay additional fees to invest in a Fund. The description of the compensation for each offering will be included in the offering documents for such offering. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Conversation Starter. As your financial professional: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me.

What are your legal obligations to me when providing recommendations? How else does your firm make money and what conflicts of interest do you have? *When we provide you with a recommendation, we have to act in your*

best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they affect the recommendations we provide to you. Here are some examples to help you understand what this means.

We may have significant conflicts of interest in recommending products to you because we sell Funds by a limited number of sponsors and issuers, including an affiliated sponsor. This means:

- While the Funds that we offer consider numerous investments, we have not considered investments offered by all sponsors or funds.
- The Fund sets the terms of the offering and may not have the assistance of or input from third party experts.
- Our employees may indirectly receive revenue from investors in the Funds through the payment of commissions and non-transaction based compensation, whether these employees sell the Funds or not.
- The Funds' sponsor and its affiliates have the right and expect to continue to organize and manage Funds in the future similar to the Fund offered to you. To the extent a sponsor and its affiliates invest in the Fund offered to you, other Funds, or other business entities sponsored by sponsor, conflicts of interest will arise.

Independent Representation in Indemnification Proceeding. Counsel represents us and may also represent the Funds. However, in the event of an indemnification proceeding or lawsuit between us and a subscriber, we, may cause the Fund to retain separate and independent counsel to represent the Fund in such proceeding.

Conflicts with Other Programs. We and the Funds realize that their conduct and the conduct of their affiliates could give rise to a conflict of interest between us and the Funds. In resolving any such conflicts, each party will be treated equitably with such other parties on a basis consistent with the funds available to the Funds and the time limitations on the investment of funds. However, no provision has been made for an independent review of conflicts of interest.

Conflicts from how we make money. We derive a substantial portion of our revenue from commissions received only after we sell a security. This transaction-based compensation could create a conflict of interest with acting in your best interest. Further, we may make money by providing services such as investment banking services to the Funds. The provision of these other services could create a conflict of interest with acting in your best interest.
